

Je m'appelle - _____
La date - _____

French 6
Les Nourritures

Menu Project (40 points)

Task: You are a participant on Top Chef France and it is your mission to create a menu for a new café opening in Paris. In order to be considered as a final contestant, you need to include the following on your menu (this ***may not*** be done on Google Slides):

- A name (preferably in French)
- Location & Hours
- 5 breakfast food items* (from your list)
- 5 lunch food items* (from your list)
- 5 dinner food items* (from your list)
- 5 desserts or appetizers
- 5 drinks
- Prices for all foods and drinks (listed in **Euros**, not dollars)

* = The **majority** of your food items should be from your vocabulary list this unit. You *may* include other food items that you look up but the **majority** of the words should be your vocabulary words. You may only use www.wordreference.com to find words. You can always have more than 5 items in each section of your menu!

Your grade will be based on the following:

- Format/Required Items (25 points – 1 point per item)
- Spelling (10 points)
- Effort (Is it colorful? Is it easy to read? Did you put time into it?) (5 points)
- Accuracy of Euros (5 points) (<http://www.xe.com/currencyconverter/>)
- Neatness/Color (5 points)

This will be a **project** grade this unit instead of a quiz. It is due in class on _____ . Any projects handed in after that date will have 5 points **PER DAY** taken off the grade.
